

TRAVEL THE WORLD BY CORK

We'll admit it, we have a wine obsession. We tend to view food and wine as a marriage; one simply goes with the other. If you have great food (and we think we do), then you need a great wine. Our wine menu is a list of fewer than 50 wines, all selling for \$50 or less. Finding these wines required some research (the fun part) and focused us to find the wine gems of the world; the wines where the value for price was the highest. In some cases you'll recognize the wineries, in other cases maybe not. If you're unsure, our associates are all graduates of the "Academy of Wine" University and have the knowledge to help.

While wine is our obsession, we also have a passion for deluxe spirits and have built a solid collection of Single Malt Scotches, Tequila and Liqueurs for your enjoyment. Your server would also be pleased to introduce you to a wide variety of trend-setting cocktails or beer upon request.

The wine experience continues through dessert and be it an Ice wine, a Port or even a glass of Cabernet Sauvignon with a chocolate dessert, no wine experience is complete if we leave out dessert.

Our after dinner wine list is included in our dessert menu.
